Parent Teacher Meeting (PTM) Report 2022

The Department of Computer Science & Engineering is organizing a PTM for B.Tech 2nd, 3rd & 4th year students on 19th November 2022, (Saturday) from 9:30am to 11:30am at The NorthCap University, Gurugram. The aim of this parent teacher interaction is to discuss the academic progress and conduct of students followed by a small refreshment for the parents.

The Objectives of this Interaction were:

1. Meeting of Parents with the Mentor and Subject Teachers to get a comprehensive progress review of their ward.
2. To seek feedback from the parents.
3. To share details about the efforts being put by the University for holistic development of the students.
4. To discuss indiscipline cases, if any.

The Details of PTM are as follows:

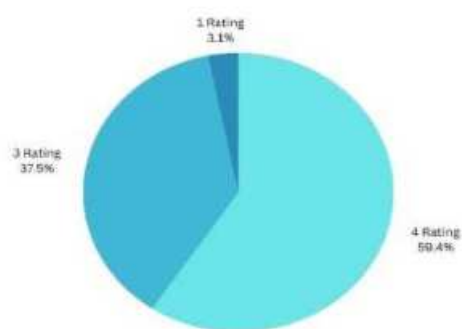

- A Consent/ Invitation mail to the parents of B.Tech non-first year students was sent on: 9th November, 2022 (Annexure – 1 Mail).
- Date of the event: 19th November, 2022
- Participation Details: Total 32 B.Tech Students’ parents consented to come for PTM
- Location: The NorthCap University (Annexure - 2 PTM Sitting Plan for Mentors)
- Attendance for PTM: 32 students’ parents attended the PTM (Annexure – 3 Sample Attendance Sheet)
- Feedback Collected from Parents: 32 (Annexure – 4 Sample Feedback Form)

Feedback Analysis

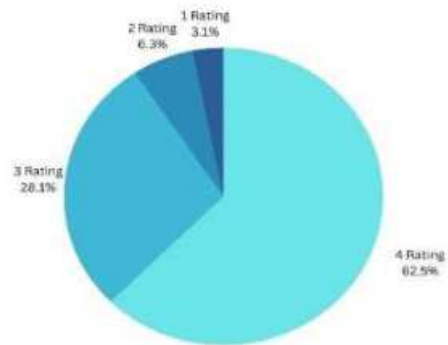

The syllabus is need-based, suitable to the course prescribed, and bridges the gap between industry standards and current global scenarios

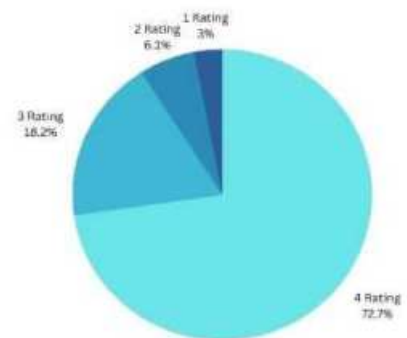

Contact hours mentioned in the scheme are sufficient for coverage of the syllabus

Course content is supported by good textbooks/ reference books/ materials and books are relevant and of currently available edition

The course / syllabus has good balance between theory and lab and other practical / practice activities

Evaluation methods mentioned in the scheme are sufficient for providing proper assessment

How well the curriculum prepares the student for placement /higher studies

The current scheme meets the expectation of learning value (in terms of knowledge, concepts, manual skills analytical abilities and broadening perspectives) in real time scenarios

Positive Feedback:

- Good work satisfied with curriculum and placements
- Great efforts by the university for interaction with faculty member
- Good work

Areas of Improvement

- Extra Classes and more help for reappear students
- PTM should be conducted frequently
- Curriculum should be prepared as per the placement point of view
- Personality development classes should be there

PTM Feedback Coordinators: Ms. Kanika Gupta & Dr. Anshul Bhatia

Action Taken Report for Academic Year 2022-23

Stakeholder	Major Feedback Comments	Action taken by departmental faculty meeting (with date dd/mm/yy)	Action taken by BOS meeting (with date dd/mm/yy)	Action taken by ACC meeting (with date dd/mm/yy)	Any other comments
1. Students	1.Previous BBA scheme is aligned with NEP2020.	Considering the more exposure to our business administration (BBA) students, NEP2020 policy is introduced. The National Education Policy (NEP) 2020 is a comprehensive policy framework introduced by the Government of India to overhaul the education system in the country. The NEP aims to address various issues and challenges present in the existing education system and provide a roadmap for the development of education in India. NEP 2020 emphasizes a multidisciplinary approach to education, encouraging students to explore a diverse range of subjects and develop a well-rounded understanding of various disciplines. This is intended to move away from the rigid separation of academic streams. Two open electives are replaced by two program electives and one comprehensive project is introduced in 3 rd year in overall BBA	The committee of experts approved the New BBA scheme as per NEP2020 with two program electives in lieu of two open electives as it would ensure the market-readiness of students and contributes to their holistic development. In BA Eco(H) programme the committee approved the revised course templates. The inclusion of 4-0-0 or 3-1-0 credits in theoretical courses in BA (H) Psychology was also approved by experts of BOS.	Approved in Academic Council (MOM Dated 17.05.2023)	

	<p>scheme at UG level. The courses which are theoretical are changed to 4-0-0 or 3-1-0 in BA (H) Psychology. The course templates of Principles of Economics (ENL102) and Introductory Microeconomics (ENL106) are revised in BA (H) Economics.</p>		
<p>2. More Program electives introduced in Finance and changes in minor paper.</p>	<p>In MBA Scheme, the subjects like (BSL695) Securities Analysis and Portfolio Management and (BSL696) Behavioural & Personal Finance are introduced for students. As it will help the students in gaining knowledge in stock market and they could make their own portfolios. Negotiation & Influence (BSL517) along with Advanced Excel Lab (BSP504) is being introduced. Instead of 5 minor papers, a student will study either 4 Minor Papers (2-0-2)³ or 3 Open Electives (4-0-0)⁴ of other schools. Two value-added courses over and above the programme scheme is being offered during the 1st & 2nd semesters. to prepare the students for the placements and to groom the overall personality.</p>	<p>The committee of experts approved the new finance electives along with new core subjects i.e., Negotiation & Influence (BSL517), Advanced Excel Lab (BSP504) along with two VAC in MBA scheme for preparing the students for the placements and to groom the overall personality.</p>	<p>Approved in Academic Council (MOM Dated 17.05.2023)</p>
<p>3. Program Outcomes of B. Com (H) and B.Com (H) FM revised.</p>	<p>The revised POs of B. Com (H) and B. Com (H) FM are brief, crisp, and according to Blooms Taxonomy.</p>	<p>The committee of experts approved the revised program outcomes of B. Com (H) and B. Com (H) FM.</p>	<p>Approved in Academic Council (MOM</p>

				Dated 17.05.2023)	
2. Teacher	1 Management of financial services is being deleted for MBA students.	The subject Management of financial services is being deleted as the syllabus of this subject is already covered in Financial Institutions and Markets.	The Panel of experts of BOS committee approved the updated syllabus of Financial Institutions and Markets.	Approved in Academic Council (MOM Dated 17.05.2023)	
3. Alumni	1. More specialized programme are required to be added in BBA	The new BBA scheme is introduced as aligned with NEP2020 for more exposure for the students.	The proposed scheme and programme electives were approved by the experts of BOS committee.	Proposed and approved to include in BBA and B. Com (H) schemes (MOM Dated 17.05.2023)

Board of Studies Meeting

Agenda Items

Meeting Venue and Time: Room No. N205, New Building, The NorthCap University at 10:00 am.

Agenda Items:

1. **Agenda Item No 1. Introduction of NEP 2020 in Scheme of Study of Bachelors of Business Administration (BBA) 2023-24 – Annexure 1**

Purpose:

- i. Flexibility to move from one discipline of study to another;
- ii. Opportunity for learners to choose the courses of their interest in all disciplines;
- iii. Facilitating multiple entry and exit options with UG certificate/ UG diploma/ or degree depending upon the number of credits secured.
- iv. Flexibility for learners to move from one institution to another to enable them to have multi and/or interdisciplinary learning;
- v. Flexibility to switch to alternative modes of learning (offline, ODL, and Online learning, and hybrid modes of learning).

2. **Agenda Item No 2. Revision of scheme of studies of all the programmes proposed for the Academic Year 2023-24: -**

At SOM- NCU it is envisaged to keep on updating and enhancing of curricula to keep the programmes aligned with the dynamic Industry shifts and market conditions and Higher Education. Keeping this in view, we have tried to enhance the curricula of the programmes at SOM&LS as given below:

- ✓1) Masters of Business Administration (MBA) - **Annexure 2**
- ✓2) Bachelors of Commerce (B.Com-Hons.) – **Annexure 3**
- ✓3) Bachelors of Commerce (B.Com-Hons.) in Financial Markets - **Annexure 4**
- ✓4) Bachelors of Economics B.A. (H) Economics – **Annexure 5**
- ✓5) Bachelors of Psychology B.A. (H) Psychology – **Annexure 6**
- ✓6) Bachelors of Business Administration (BBA) with Specialization in Digital Marketing - **Annexure 7**
- ✓7) Bachelors of Business Administration (BBA) with Specialization in Business Analytics – **Annexure 8**
- ✓8) Bachelors of Business Administration (BBA) with Specialization in Entrepreneurship and Family Business - **Annexure 9**

Purpose:

- i. To enhance the programmes offered at the department in order to meet the requirements of the industry as well as that of higher education.
- ii. For Credit Optimization of all the schemes of Programmes.

- iii. Incorporation of SCALE framework in all the programmes.
3. Agenda Item No 3. Approval of ^{new} MOOC Courses – Annexure 10
 4. Agenda Item No 4. Revision of Course Templates. – Annexure 11
 5. Agenda Item No 5. Introduction of Minor Specialization – Annexure 12
 6. Agenda Item No 6. Revision of POs and PSOs of B.Com(H) – Annexure 13
 7. Agenda Item No 7. Any other with the permission of the Chair.

— not well being

Course Description BA Psychology (Honours)
(2023-2026)

PROGRAMME CORE

PCL130 Introduction to Psychology

4 Credits (4-0-0)

This course introduces students to the basic concepts of the field of psychology with an emphasis on applications of psychology in everyday life. To give an overview of the development of this academic discipline. Introducing to the basic principles and methodologies and its study.

PCL105 Evolution of Psychological Thought

4 Credits (3-1-0)

Adopting a critical lens, the course aims to explore the various viewpoints on consciousness from both Western and Eastern perspectives. The course provides an overview of the historical debates in the originating systems of thought that have contributed to the current Western approaches to psychology. Furthermore, the courses critically examine the crucial thinkers and the issues raised by Post-Modern thinkers with regard to feminism and cultural paradigms.

PCL111 Understanding Individual Differences

4 Credits (3-1-0)

The course examines psychological features that contribute to differences and similarities in individuals. The course will review major theories, debates, and research findings in the fields of intelligence, personality traits, motivations, and emotions.

PCL107 Academic Reading and Writing

3 Credits (2-0-2)

The goal of the course is to introduce the students to the world of academic literature. The course aims to expand the skills of the students and build their self-confidence as academic readers, researchers, and writers. The course will also provide a series of exercises that cover the fundamentals: how to read scholarly texts; how to read for and write with a focus on logical validity and coherence as an academic writer; how to plan and organize a well-structured argument or explanation; how to find, synthesize, and cite sources; and how to edit, polish, and proofread your final draft to ensure readability. Additionally, the students will be familiarized regarding the latest APA guidelines and plagiarism requirement.

PCL104 Introduction to Social Psychology

4 Credits (2-2-0)

Social psychology is the scientific study of the way people think about, feel, and behave in social situations. It involves understanding how people influence, and are influenced by, the others around them. A primary goal of this course is to introduce students to the perspectives, research methods, and empirical findings of social psychology. Topics to be covered include: social influence, social cognition, Interpersonal attraction, pro- social behaviour, aggression. Finally, throughout the course, emphasis will be placed on developing critical and integrative ways of thinking about theory and research in social psychology.

PCL106 Positive Psychology

4 Credits (3-1-0)

The main objective of this course is to provide an orientation to the students to the various aspects of positive psychology as opposed to traditional psychology and to move beyond the disease model. The

course provide opportunity to the students to explore the concepts of positive psychology constructs such as happiness, character strengths, self-efficacy, creativity and introduce the ways positive psychology can be applied in real-world settings.

PCL108 Introduction to Physiological Psychology

4 Credits (3-1-0)

The present course is designed to introduce students to the nature and methods of Physiological Psychology. It will help the students to understand the cellular and neural basis of behaviour along with structure and functions of endocrine glands, brain and nervous system.

PCL112 Statistical Methods and Psychological Research – I

4 Credits (2-2-0)

The course will expose students to qualitative and quantitative research methodology. The course will emphasise on research design and sampling techniques. It will also cover Descriptive Statistics. All these concepts will lay the foundation for the course Statistical Methods and Psychological Research - II.

PCL204 Applied Social Psychology

4 Credits (2-2-0)

This paper provides an in-depth overview of the dominant theoretical and empirical trends in social psychology, and also the key issues and related to social inequalities, especially in the Indian context. The course introduces studies and applications of research findings to social issues, problems- Interpersonal relationships, diversity issues, inter-group relations, conflict resolution, the justice system, and community concerns.

PCL211 Introduction to Developmental Psychology

4 Credits (3-1-0)

The present course aims to help the students understand the major theoretical perspectives and methodological approaches used in Developmental Psychology. It allows the students to identify various milestones in diverse domains of human development across life stages. Moreover, it helps them to understand the contributions of socio-cultural factors involved in shaping human development, especially in the Indian context.

PCL201 Cultural Psychology

4 Credits (3-1-0)

To understand the role of culture in understanding behaviour and exploring psychological insights in the Indian thought traditions. It includes Cultures; Psychic Unity and Cultural Relativity; Beyond Descriptions of Cultural Differences, Who am I and Who are They? Culture and architecture; Representation: Person, Other People, Self and of Groups, The Making and Remaking of Cultures: A Developmental Perspective: Family and children, models of the family, self-construal and developmental pathways, Intercultural Contacts and Indigenous Psychology.

PCL213 Statistical Methods and Psychological Research – II

4 Credits (2-2-0)

The course will expose students to inferential statistics. It will cover the concepts of Hypothesis testing, power and effect size. The students will learn parametric (t-test, ANOVA, Product Moment Method) and non-parametric statistical analysis for differences, correlation and regression.

PCL212 Introduction to Cognitive Psychology**4 Credits (3-1-0)**

The course aspires to provide an in-depth understanding of some of the cognitive processes in terms of current theories, models and applications to the students. Additionally, to help learners understand the importance of these cognitive processes in everyday life like reasoning, problem-solving, language, judgement, decision-making, risk-taking.

PCL214 Psychopathology and Well-Being**4 Credits (2-2-0)**

Students will critically engage with the concept of normalcy and abnormality and its understanding in various cultures. The students will be exposed to theoretical and clinical perspectives relevant to the study of psychopathology such as the Diathesis-Stress-Model. Emphasis is placed on terminology, classification, etiology of the major disorders: anxiety based disorder, OCD, and phobia, dissociative disorder, clinical picture of personality disorders (Oppositional defiant disorder, and conduct disorders), Childhood developmental disorder (Mental Retardation, Pervasive developmental disorder, Autism, ADHD), Gender identity disorder and Paraphilia, and substance abuse and addictive disorders.

PCL202 Industrial and Organizational Psychology**4 Credits (3-1-0)**

The present course is designed to study the workplace environment, organization, and their employees. This course will introduce students to history of industrial Psychology and Organizational behaviour, its current status in India. Studying this would enhance the student's concern for increasing productivity and at the same time maximizing the performance of an organization as a whole. It has been designed to provide the student a detailed knowledge about the role psychology plays in managing organizational resources, at the same time focusing on the employee behavioural part.

PCL206 Counselling Psychology**4 Credits (3-1-0)**

The students will be taught the various phases and stages of the counselling process and learn the relevance of assessment in assisting the counselling process. This paper provides an in-depth overview of the dominant theoretical, empirical trends, and perspectives in the field of counselling psychology. The students will be exposed to the definition, scope, and goals of Counselling. The students will also be able to differentiate between Counselling, guidance, and psychotherapy and understand its implication according to the etiology of the client. The course will help students appreciate and develop the essentials of counselling skills and relationship building. The students will be exposed to different types of counselling setups, particularly behavioural and academic issues and Family counselling.

PCL302 Applied Clinical Psychology**4 Credits (3-1-0)**

The purpose of this paper is to develop knowledge and understanding of clinical psychology. The course will provide an exposure to different techniques, skills, and treatment modalities: Cognitive Behavioural, Humanistic and Existential, and Psychodynamic. The students will be encouraged to develop skills to differentiate application of techniques based on the etiology of the patient and treatment settings.

PCP201 Psy Practical (Experiment)**3 Credits (2-0-2)**

The present course is designed to introduce students to experiments and develop skill for conducting psychological experiments that are useful in research and clinical practice.

PCP202 Psy Practical (Testing)**3 Credits (2-0-2)**

The present course is designed to introduce students to psychological testing and develop skills for conducting psychological assessment that is useful across multiple contexts such as clinical, counseling, recruitment and selection, and carrying out any research. The students will gain hands on experience in conducting psychological tests. They will also learn to interpret test scores to formulate reports.

PCP301 Psy Practical (Survey)**3 Credits (2-0-2)**

The present practical course will equip the students to conduct surveys for the purpose of psychological enquiry and research methods.

PCP302 Psy Practical (Qualitative Analysis)**3 Credits (2-0-2)**

This course aims at developing skill of qualitative analysis as research methods used in psychology.

PROGRAMME ELECTIVES**Clinical Psychology*****PCL331 Health Psychology*****3 Credits (2-0-2)**

The present course has been designed to familiarize the students with the importance of Psychological processes and its interaction with the medical treatment in the practice of health and illness. It introduces the students to the Nature of Health Psychology and various components of health. It acquaints the students with health enhancing behaviours as well as the management of pain and chronic illness. Through this course, the students will be encouraged to develop an understanding of research in health psychology domains and interventions developed.

PCL332 Stress Management**3 Credits (2-0-2)**

The present course aims to acquaint the students with the nature, symptoms and sources of stress to help them develop adequate knowledge about how to recognize signs of stress and its causes in themselves and others. It also aims to help the students learn about various techniques of stress management, like yoga/exercise/games, meditation, and relaxation techniques, so that they can develop skills for dealing with stress effectively.

Consumer Psychology***BSL204 Consumer Behaviour*****3 Credits (2-0-2)**

Consumer Demographics, Life Styles, Retailing Implications of Consumer Demographics and Lifestyle, Consumer Profiles, Lifestyle Marketing, Environmental Factors and Individual Factors affecting Consumers. Consumer as an Individual, Motivation, Needs,

Goals, Personality, Self and Self Images, Perception, Imagery, Learning, Cues, Response, Reinforcement, Behavioral Learning and Cognitive Learning Theory, Brand Loyalty, Attitude Formation and Change, Shopping Attitudes and Behavior, Consumer Buying Decision Process, Types of Consumer Decision Making, Impulse Purchases and Customer Loyalty, Group Dynamics and Reference Groups, Family Decision Making, Social Class, Culture, Subculture, Opinion Leadership Process, Diffusions of Innovations, Adoption Process.

PCL338 Psychology of Advertising

3 Credits (2-0-2)

This is an introductory course about the psychology of persuasion and consumer behaviour as they relate to marketing and advertising. Psychological concepts will be covered such as: perception, learning, memory, motivation, values, personality, attitudes, etc. Consumer behaviour-related concepts will also be discussed such as: lifestyle, decision making, opinion leadership, income, social class, etc. The goal is to provide students with a sound understanding of how advertising may impact consumers on a psychological level.

PCL336 Media Psychology

3 Credits (2-0-2)

The present course in psychology is oriented towards developing knowledge of the basic concepts in media psychology to students and aid in developing skills for applying psychological knowledge to real life situations. The course will allow students to study advertisement, consumer behaviour, addiction and psychological impact, and the representation of social identities in news and media.

Environmental Psychology

PCL334 Sustainability and Conservation Behaviour

3 Credits (2-0-2)

Conservation behaviour is becoming an increasingly important concept as natural resource managers, development officers, educators, politicians, regulators, and business leaders consider what it takes to push people toward sustainable behaviours. The present course is designed to introduce to students the concept of conservation behaviour and the environmental problems faced. Students will understand how habit formation and change affects management decisions and provide insight to environmental values.

PCL335 Foundation of Environmental Stress

3 Credits (2-0-2)

The course will explore the psychological dimensions of humankind's relationship with the nature and the ecological dimensions of human psychology. Psychologists often emphasize that our relations with others may bring forth health or suffering, for both oneself and others. This is also true in our relations within the shared earth community. While we often forget it, we all know that contact with nature enhances our health. Mass extinction of species, climate disruption, water shortages, poisoned air and water: These devastating phenomena are evident in our home towns and around the world. Clearly, our ecological crisis is not only a biological crisis, but more deeply an ethical crisis of consciousness, culture, and relationship – all key area of psychology's expertise. The non-human natural world is one of the most egregiously exploited "others" in contemporary life, to the mutual impoverishment of both humankind and the rest of nature.

Organizational Psychology***BSL344 Organization Change and Development*****3 Credits (2-0-2)**

The course would comprise of concept and significance of change; analyzing the environment; perspectives on change; Managing change; types of change. Further understanding of models of change and how to implement change would be provided. Thereafter human process interventions – coaching, training and development, process consultation, third party intervention, team building, inter-group relations intervention, socio- technical systems approach will be discussed.

BSL340 Performance Management and Competency Management**3 Credits (2-0-2)**

The course is designed to provide students an understanding how organizations have changed the way they look at employee performance. Organizations have gradually moved from performance appraisal to a holistic performance management cycle. It is important for students to understand the different methods used to appraise performance and which method to use, keeping in mind the business objectives. While being conversant with the cycle it becomes important to understand the relevance of competencies in the context of employee performance – relevance of competence and competency, competency models, competency mapping.

BSL203 Human Resource Management**3 Credits (2-0-2)**

The course starts with a brief introduction to HRM and its importance for all managers. It is the human resources of an organization who are instrumental in getting a competitive edge for an organization. It is the contribution of these human resources that ultimately leads to the organizational effectiveness and performance. The objective of the course is to impart knowledge, understanding and key skills that enable individuals to deal with the people component of organizations and employ effective strategies and methods for acquisition, development, maintenance and separation of human resources in an organization. For learners of this course, it could serve as a foundation while taking up courses in specialized HR areas and fields and also for building a career in HR.

BSL302 Leadership**3 Credits (2-0-2)**

Leadership is not a solo activity. Leaders must be able to motivate others to take action. Leading teams involves managing different personalities, cultures, conflicting political agendas, and varying skill levels while simultaneously securing resources and managing expectations of stakeholders internal or external to the organization. The purpose of this course is to expand students' understanding of group and intergroup dynamics and develop their abilities to identify group processes and their implications. It will also make them better at leading, developing and sustaining resonant, high performing teams. This course explores self-awareness, managing visibility, team building, navigating power, and strategic networking. At the completion of the course the students will: demonstrate understanding of principles of group dynamics, understand the key concepts of leading high performing teams; understand how they see themselves and may be perceived by others; realize the importance of understanding and owning power dynamics; understand the importance of networking and map and analyse their networks.

Forensic Psychology***PCL341 Foundations of Forensic Psychology*****3 Credits (2-0-2)**

Forensic Psychology is the application of psychology in the aid of legal investigation, which looks into the vast psychological perspective and applies them to legal investigations including issues such as public policies, new laws, competency and also the mental state of a defendant.

PCL342 Forensic Psychology in practice**3 Credits (2-0-2)**

Forensic Psychology is the application of psychology in the aid of legal investigation, which looks into the vast psychological perspective and applies them to legal investigations including issues such as public policies, new laws, competency and also the mental state of a defendant.

Major Changes B.A. (Hons.) PSYCHOLOGY SCHEME OF STUDY 2023-24

Highlights (Objectives of Change) of the Scheme

- I. Opportunity for learners to choose the courses of their interest in Psychology
- II. Restructuring of course plan in order for better deliverance and course offerings to the students.
- III. Addition of significant and relevant courses of the standard of Honours program which may further enhance the competency of students.
- IV. Reduction of non-psychology courses and overlapping courses.
- V. Renaming and reordering of courses for progressive learning experience.

Action Taken Report for Academic Year 2022-23

Stakeholder	Major Feedback Comments	Action taken by departmental faculty meeting (with date dd/mm/yy)	Action taken by BOS meeting (with date dd/mm/yy)	Action taken by ACC meeting (with date dd/mm/yy)	Any other comments
1. Students	1.Previous BBA scheme is aligned with NEP2020.	Considering the more exposure to our business administration (BBA) students, NEP2020 policy is introduced. The National Education Policy (NEP) 2020 is a comprehensive policy framework introduced by the Government of India to overhaul the education system in the country. The NEP aims to address various issues and challenges present in the existing education system and provide a roadmap for the development of education in India. NEP 2020 emphasizes a multidisciplinary approach to education, encouraging students to explore a diverse range of subjects and develop a well-rounded understanding of various disciplines. This is intended to move away from the rigid separation of academic streams. Two open electives are replaced by two program electives and one comprehensive project is introduced in 3 rd year in overall BBA	The committee of experts approved the New BBA scheme as per NEP2020 with two program electives in lieu of two open electives as it would ensure the market-readiness of students and contributes to their holistic development. In BA Eco(H) programme the committee approved the revised course templates. The inclusion of 4-0-0 or 3-1-0 credits in theoretical courses in BA (H) Psychology was also approved by experts of BOS.	Approved in Academic Council (MOM Dated 17.05.2023)	

	<p>scheme at UG level. The courses which are theoretical are changed to 4-0-0 or 3-1-0 in BA (H) Psychology. The course templates of Principles of Economics (ENL102) and Introductory Microeconomics (ENL106) are revised in BA (H) Economics.</p>		
<p>2. More Program electives introduced in Finance and changes in minor paper.</p>	<p>In MBA Scheme, the subjects like (BSL695) Securities Analysis and Portfolio Management and (BSL696) Behavioural & Personal Finance are introduced for students. As it will help the students in gaining knowledge in stock market and they could make their own portfolios. Negotiation & Influence (BSL517) along with Advanced Excel Lab (BSP504) is being introduced. Instead of 5 minor papers, a student will study either 4 Minor Papers (2-0-2)³ or 3 Open Electives (4-0-0)⁴ of other schools. Two value-added courses over and above the programme scheme is being offered during the 1st & 2nd semesters. to prepare the students for the placements and to groom the overall personality.</p>	<p>The committee of experts approved the new finance electives along with new core subjects i.e., Negotiation & Influence (BSL517), Advanced Excel Lab (BSP504) along with two VAC in MBA scheme for preparing the students for the placements and to groom the overall personality.</p>	<p>Approved in Academic Council (MOM Dated 17.05.2023)</p>
<p>3. Program Outcomes of B. Com (H) and B.Com (H) FM revised.</p>	<p>The revised POs of B. Com (H) and B. Com (H) FM are brief, crisp, and according to Blooms Taxonomy.</p>	<p>The committee of experts approved the revised program outcomes of B. Com (H) and B. Com (H) FM.</p>	<p>Approved in Academic Council (MOM</p>

				Dated 17.05.2023)	
2. Teacher	1 Management of financial services is being deleted for MBA students.	The subject Management of financial services is being deleted as the syllabus of this subject is already covered in Financial Institutions and Markets.	The Panel of experts of BOS committee approved the updated syllabus of Financial Institutions and Markets.	Approved in Academic Council (MOM Dated 17.05.2023)	
3. Alumni	1. More specialized programme are required to be added in BBA	The new BBA scheme is introduced as aligned with NEP2020 for more exposure for the students.	The proposed scheme and programme electives were approved by the experts of BOS committee.	Proposed and approved to include in BBA and B. Com (H) schemes (MOM Dated 17.05.2023)
